DON'T MISS unGALA 2023'S 10TH ANNIVERSARY!

The Pembina Institute's unGALA will once again be held in January 2023. We'll all be ready to get together, put on our cowboy hats and celebrate the power of a clean energy future that drives a prosperous, connected Canadian economy. For more than a decade now, the annual Pembina Institute unGALA gathers leaders in government, industry, academia and non-governmental organizations, all committed to developing evidence-based, practical solutions to Canada's greatest energy challenges. It's called the unGALA because it's an unconventional party, beloved for the casual atmosphere and western attire.

The night will be full of delicious eats and plenty of networking with Canada's who's who of the sustainability sector, so be sure to secure your 2023 sponsorships early!

ABOUT THE PEMBINA INSTITUTE

We gather leaders in government, industry, academia and non-governmental organizations, all committed to developing evidence-based, practical solutions to Canada's greatest energy challenges.

Our 50+ staff in Ontario, Alberta and B.C. aim to deliver clean energy solutions into the hands of decision makers, thought leaders, the industry and media. Although we're a hard-working, strategic and productive bunch, it's still a tall order for a team of our size. We don't do this alone! Our success ultimately depends on people like you.

By supporting the Pembina Institute, you are helping transform Canada for the better.

2022'S SOLD-OUT EVENT

brought together 300+ guests including entrepreneurs and a diversity of leaders from industry, clean tech, governments, non-profits and start-ups to celebrate a bold and inclusive clean economy in Canada.
