PEMBINA Institute

DON'T MISS UNGALA 2026!

The Pembina Institute's unGALA will be held on **January 29, 2026**. We'll all be ready to get together, put on our cowboy hats and celebrate the power of a clean energy future that drives a prosperous, connected Canadian economy.

It's called the unGALA because it's an unconventional party, beloved for the casual atmosphere and western attire.

The night will be full of delicious, sustainable eats and networking with the who's who of Canada's sustainability sector, so be sure to secure your 2026 sponsorships early!

ABOUT THE PEMBINA INSTITUTE

Our 50+ staff in Ontario, Alberta, and B.C. aim to deliver clean energy solutions into the hands of decision makers, thought leaders, the industry and media. Although we're a hard-working, strategic and productive bunch, it's still a tall order for a team of our size. We don't do this alone! Our success ultimately depends on people like you.

By supporting the Pembina Institute, you are helping transform Canada for the better.

THE SOLD-OUT 2025 UNGALA

brought together 300+ guests including a diverse range of industry leaders, clean tech entrepreneurs, local, provincial, and federal politicians and officials, non-profit staff and funders to celebrate a bold and inclusive clean economy in Canada.

JOIN US AT THE EVERGREEN BRICK WORKS!

CRH Gallery event space at Evergreen Brick Works was transformed from a collection of deteriorating heritage buildings into a globally recognized showcase for green design and urban sustainability.

Located in the Don Valley River, it is currently Toronto's only sustainable event space. The former quarry reopened in 2010 as Canada's first large-scale community environmental center, a dynamic venue for exploring ideas and solutions that advance sustainable cities. Its flagship event spaces are housed in the Centre for Green Cities, a LEED Platinum certified building.

When not being used for events, Evergreen Brick Works welcomes visitors of all ages to participate in myriad activities, workshops and community festivals. It offers a full suite of programs that cover subjects including ecology, play, food, design, urban planning, technology and the arts. Evergreen Brick Works is owned and operated as a social enterprise by Evergreen, a national not-for-profit that has designed and delivered programs which help Canadians live, work and play sustainably since 1991.

All proceeds from event space rentals go to support Evergreen's efforts to create greener, more sustainable cities.
